

[I Touch Myself All Through The Night Lady Gaga Lyrics](#)

I touch myself, can't get enough. And in the silence of the night, Through all the tears and all the lies. I touch myself and it's alright. Just give in. And in the silence of the night, Through all the tears and all the lies. I touch myself, and it's alright. Just give in, don't give up, baby. I touch myself. Can't get enough. And in the silence of the night, Through all the tears. And all the lies. I touch myself. And it's alright. Just give in. I gloss my eyes I touch myself all through the night. And when something falls out of place. I take my time I put it back. I touch myself 'til I'm on track. I touch myself can't get enough. And in the silence of the night, Through all the tears. And all the lies. I touch myself and it's alright. Just give in. I love that lavender blonde. The way she moves. The way she walks. I touch myself can't get enough. And in the silence of the night, Through all the tears
